Clerk's File: L.09.03.01
Building File: 374

SUBJECT: Mobile Sign By-law 995-84, as amended.

ORIGIN: Staff

COMMENTS: Mobile Sign By-law 995-84 was originally enacted and passed by Council on December 17, 1984. To evaluate the impact of the Mobile Sign By-law, the By-law required that:

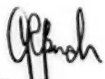

"Every license issued under this By-law shall be valid for a period of three months, effective from the date of enactment of this By-law."

On March 25, 1985, the By-law period was extended from three months to four months. The Building Department is currently preparing a report on mobile signs that deals with many items including size of the sign, area, "A" frame type signs, etc. This report will be presented to the By-law Committee in early June.

Therefore, the provision in the Mobile Sign By-law for licensing needs to be extended for two months. The Legal Department has prepared a by-law reflecting this change.

RECOMMENDATION: That the Mobile Sign By-law 995-84, as amended, be amended by deleting the word "four" in the second line before the word "month" and substituting therefor the word "six".
